

Open Donor: Roland

Staff impression

This donor is one of our favorites. He is very friendly, outgoing, talkative, and jovial by nature. He is a very caring individual and always asks us how our day went, in addition to telling us about his intriguing and adventurous life experiences.

This donor is a perfect example of a tall dark and handsome man. He has masculine features that are softened with his big bright smile, which is always on his face. He is very athletic and has the body to go with it. He is very well groomed and he is well dressed in a casual/trendy way.
